I couldn't run for much longer...

It's not safe now they know...

We were close...

It has to be here somewhere...

We have to leave. Now.

The sirens wailed...

I still have nightmares about it...

I had 24 hours...

EXAMPLE MINI SAGA

THE HUNT

The siren started; the hunt was on. I watched the others leap forward, running blindly into the maze, panic driving them. I knew I had a few minutes before the next siren, before they released... it. I looked around.

There were multiple entrances to the maze, most of them inevitably leading to a dead end. Where would they want me to go? I looked to the darkest entrance, the least likely to be taken, and started to run. Behind me, I heard another siren. The gates opened. I was being hunted.
